### BRIAN'S STORY

*"When people first meet me they wonder about my ethnicity. So I'll help you out. I was born a twin in Patna India, and was orphaned at just six weeks old. To this day I do not know my biological parents. Thankfully, at 8 months old two amazing people in Minnesota decided that they could change my destiny through adoption.*

*Despite having great parents growing up I still wrestled with abandonment and rejection. To cope with the pain I turned to addiction, and after hitting rock bottom I broke free and was able to turn things around. Today I live my life to encourage, and inspire others to reach their full potential and to love those around them."*

Teaming up with a live DJ his presentation is interactive, engaging and inspirational. It will leave your audience feeling empowered!
- **Emcee** - People ask Brian all the time why he likes to Emcee, and the answer is simple, people are his passion. It doesn't matter whether he's hosting in an arena of 18,000 screaming fans, a wedding of 100 guests, a 5k fundraiser or a corporate celebration...it's always about the people attending. Brian's goal as an emcee is to create an experience where people walk away feeling love, joy, and literally turn to their neighbor and say "man, that was awesome!" Brian creates this experience by taking time to learn about you, your vision, goals and the audience that you're trying to reach. Using customized tools to fit your event, he keeps people engaged and helps make it a big win!
