Clint is the president and CEO of Verbalocity, Inc., a personal development company with a focus on leadership enhancement. These solutions include leadership development programs, training, speaking and general consulting.

As a professional speaker, Clint travels the world delivering high-content speeches and training in an entertaining and inspirational style to Fortune 500 companies, government agencies, and trade associations. His clients include 7-Eleven, American Express, BMW, Hallmark Gold Crown, Valero Energy Corporation, Enterprise Rent-a-Car, and Uno Chicago Grill.

Clint enjoys the challenge of enhancing employee engagement for his clients by delivering programs based on his book entitled *Engaged Leadership: Building a Culture to Overcome Employee Disengagement* (John Wiley & Sons, 2007 and 2011). He recognizes that a culture of employee engagement is a two-way road, and that true engagement comes when leaders and employees are both doing their part. In addition to working with leaders to build a culture to overcome employee disengagement, Clint addresses the employee's role in his follow-up book entitled *Living for the Weekday: What Every Employee and Boss Needs to Know about Enjoying Work and Life* (John Wiley & Sons, 2010).

He is the recipient of the Certified Speaking Professional designation. Less than 10% of speakers worldwide who belong to the National Speakers Association and the International Federation for Professional Speakers hold this designation.

As a professional speaker, trainer and leadership consultant, he has delivered his programs throughout the United States, Canada, South America, Mexico, Bermuda and The Bahamas.
