Connie Podesta is a game-changing, idea-generating ball of fire whose rare blend of humor, substance, style and personality have made her one of the most memorable, in-demand speakers in the world today.

Connie motivates audiences differently by fueling them with exciting new ideas, mindsets, attitudes and solutions that will empower them to tackle even the toughest challenges in today's crazy 24/7 world!

Connie started doing comedy when she was 14 and never looked back. Her humor allows her to tackle even the toughest issues organizations face with substance and style. Connie's contagious sense of humor enables your audience to dig deeper and learn so she can keep those "ah-ha" moments coming fast and furious.

Most keynote speakers simply teach audiences what to do. A few speakers show audiences *how* to do it. Connie does all that and more! She helps your team understand why it's important to change behaviors, re-think attitudes, re-assess old ideas and get on board so they can make things happen!

She literally goes inside the minds of the people within your organization, your industry and your audience so they know that she knows exactly what they are going through. Connie's uncanny insight into human nature will have each person in your audience feeling like she is talking just to them. It is rare for a speaker to have that ability to connect in such a meaningful way, and it's that connection that keeps her message alive long after the event is over.

Audiences believe in Connie and trust that she has their success and welfare in mind at all times. She knows that people want, expect and deserve their speaker to be a real person sharing real solutions that can help them achieve real results.
