For ten years, The Three Waiters have been teaching audiences to expect world-class entertainment when they sit down to their Corporate Dinner. Now Mardar Entertainment, the award-winning creators of The Three Waiters, take Surprise Entertainment to a whole new level with a unique, hilarious and incredibly new live act, HypnoTWIST!

HypnoTWIST cleverly fuses elements of Hypnotism - a very popular form of live entertainment - with Surprise Entertainment or "hoaxing."

The result is a totally engrossing interactive scenario as the European Hypnotist selects his "volunteers" from among your guests - a hilarious exhibition as the three volunteers "perform," and a thoroughly satisfying conclusion as you and your guests realize the three surprisingly talented volunteers on stage are, in fact, professional actors!

Best of all, HypnoTWIST has the benefit of Mardar Entertainment's vast experience in the Corporate Entertainment arena. This means you are choosing a risk-free live act, created by the world's most successful corporate entertainment company whose acts have been seen thousands of times by millions of delighted dinner guests all over the world.

When you plan a fundraiser, awards night or other major event, your aim is to create a room full of happy people. Whether your event is motivated by sales, networking or just to give your clients and staff a great night out, it all becomes a lot easier when you have a room full of smiling guests!

The tightly-scripted yet hilarious show is designed to enhance your event, but never interrupt it. Most of all, HypnoTWIST keeps the focus where it belongs: on your message, your clients and you.
