John O'Leary has lived through worse than most can imagine.

At the age of nine, John was severely burned on 100% of his body. No one expected him to survive the first night. But he did. He then survived months in a hospital bed, dozens of surgeries, and years of therapy. Before his tenth birthday, John lost all of his fingers to amputation.

This wasn't the end. John's journey was just beginning. From this tragedy, John received the greatest gift - embracing the truth that regardless of our personal and professional challenges, we choose how to:

- Navigate adversity through decision-making
- Reveal a brighter vision for what's possible
- Live boldly to impact others

As a boy in that hospital bed, John could not have foreseen the amazing things he would accomplish. But his journey proved more empowering and rewarding than he could have ever imagined. It gave him strength. It fueled and drove him on. It provided hope. It taught him compassion and understanding, and it gave him a solid foundation for living.

Some call John a survivor, but he is so much more than that. John O'Leary is a beacon of hope, and he's ready to share his message with you. John now lives to share his story and to spark the stories of others living boldly, so that together we can forge an extraordinary future by finding the possibility in the present.

You can't always choose the path you walk in life, but you can always choose the manner in which you walk it. If you are ready to overcome your challenges and celebrate the joy of today and the possibility of tomorrow, you have found the right place. John O'Leary is ready to guide you and your organization boldly into your inspired life.

John works with hundreds of organizations and people to transform today's challenges into a foundation for incredible growth. His inspirational leadership has taught businesses key strategies to succeed in any environment. He empowers thousands of individuals around the world to lead fuller, more significant lives.
