## Michael Broome

*Travels from:* South Carolina

*Fee Range:* \$5,001 - \$7,500

Michael Broome has addressed over 3,000 audiences since 1980 at events as diverse as The Million Dollar Round Table, Congressional Dinners, and a Barbecue and Goat-Dipping in Spearfish, South Dakota. He has shared the podium with noted politicians, journalists, athletes, and CEOs, and he has only been upstaged by an orangutan.

His vast speaking experience enables him to appeal to virtually any type of audience. Forty percent of Michael's audiences are from the ranks of management; thirty percent are sales professionals; and the remainder runs the gamut from penitentiary felons to the Girl Scouts. Michael says his presentations are like

baths...the effect may not last forever but everybody needs one!

Michael's commitment to training is demonstrated by the Broyhill Leadership Conferences of which he is founder and president. Over 29,000 participants from throughout North America have attended these weeklong conferences where they are taught the principles of achievement. For many, it is truly a life changing experience. He speaks for a living because he has a sincere passion to inspire people to maximize their potential, serve others, achieve a life balance, and enhance their sense of gratitude. Humor is a tool he uses to communicate these principles. When asked if it is necessary to use humor in a speech, Michael replied, "It is for me if I want to get paid."

Everyone is aware that our country and many corporations face serious problems. Downsizing is common, competition is increasing, and we are asked to accomplish more with fewer people. We often see around us a lack of balance, in both our personal and professional lives. As the topics of his talks suggest, Broome is no Pollyanna. Instead of dwelling obsessively on problems, he offers a realistic counter-vision blending hope and confidence...loaded with humor. He teaches his audiences to have faith not only in our system, but also in their ability to make that system work for them. The central conviction behind Broome's presentations is that the ultimate success is when our life overflows with things that money can't buy. If Broome's talks begin with that rare commodity of laughter, they end even more unconventionally in grateful applause and real inspiration.
