How do you navigate forward, deal with constant wind shifts, sudden storms, conquer fear, isolation, while dealing with an ever present changing world? Neal Petersen will take you on a personal journey around the world and show, by example ~ *There are No Barriers - Only Solutions!*

World-class, history-making adventurer, Neal completed two amazing journeys in his life: a single-handed yacht race around the world, 27,000 miles, 9 months at sea, alone, around Cape Horn, and in the smallest yacht he designed and built himself. And an even more arduous and eventful trip of overcoming racial prejudice during the harsh Apartheid era in South Africa, poverty, and a childhood physical disability, just to make it to the start line!

Neal's dramatic storytelling ignites and captivates audiences. With high energy and fully engaging presentation style, Neal captures audience's attention from the moment he walks onstage and leaves them with a fresh perspective on turning disadvantages into advantages.

Neal carries a treasure chest on stage, and in it symbols of how he reached his dream by turning set-backs and barriers into opportunities - then into solutions. Neal demonstrates how success is realized through innovation, balancing risk against return and being flexible enough to adapt to constant shifting winds. In these challenging times of uncertainty, fear and insecurity, many feel like solo sailors, adrift, grasping for survival. Neal lays out the importance of a clearly communicated vision, followed by detailed planning, preparation, passion and then execution.

Neal projects stunning images during his keynote and a 1 ½ minute intro and a 4 minute powerful video of Neal rounding Cape Horn solo - his dream! He has thunder built-in and lightning and fog are easy options bringing his story to life for large audiences.

Proving vast international appeal, having lived and traveled in many parts of the world, Neal's Presentation is highly effective for the opening keynote to set a theme and provide a high energy and fascinating story capturing audience's attention and leaving them with a fresh perspective on turning disadvantages into advantages.
