### *The Power of Partnership*

You put on a great meeting last time, but now you have to top it. You need something unexpected, unique and fresh. Enter The Passing Zone!!!

Here you find something different. You find roaring chainsaws, cheering attendees, flaming torches and knives flying through the air! You find a surprising experience. And you find genuine laughter.

You find two grown men who demonstrate partnership by leaping around the stage in fuchsia leotards, with rapid-fire banter, throwing sickles around the body of someone from the audience as they receive a standing ovation. You find three of your people in astronaut suits flying through the air. You find risk-taking, laughter, and an inspirational experience your people will never forget.

### *Jon Wee & Owen Morse*

Jon and Owen have one of the longest standing partnerships in corporate entertainment, a true demonstration of The Power of Partnership. They have appeared on The Tonight Show, The Today Show and they were finalists on America's Got Talent.

They are at the top of their craft, with performances at the White House, in London for Prince Charles, and in the motion pictures The Addams Family and The Aristocrats. Add the Just for Laughs Comedy Festival, MADtv, AOL's "TV's Top 5," The Wall Street Journal, the Jerry Lewis MDA Telethon, four Guinness World Records, their own theater show, "Gravity Attacks!" and you have one of the world's top comedy acts working today.

They got there because they are bona fide experts on working together effectively. Jon and Owen depend on one another; their success - even their safety - is determined by how well they execute together. Your people will walk away inspired to innovate, collaborate and execute - and with a sore face from laughing so hard. IMAGINE the impact this can have on your organization.

Wait, don't imagine it, **EXPERIENCE** it...with **The Passing Zone!**
