Robin Crow has forged a remarkable career on his journey from RCA recording artist to successful entrepreneur, and has built several world-class businesses from scratch. He is an acclaimed public speaker with a client list that is a who's who of blue chip corporations and forward thinking organizations.

Robin doesn't just talk business; he lives it. His company Dark Horse Recording, a four-studio complex and resort, has set the gold standard for customer service and excellence in the recording industry. It is home to Faith Hill, Neil Diamond, Taylor Swift, Matchbox 20, Tim McGraw, Michael W. Smith, Jewel, Alison Krauss and many others. Robin is also the Founder and CEO of the Dark Horse Institute for Audio Engineering, which began accepting students in December of 2009 and will soon be expanding it's campus.

Crow lectures widely on the implications of global issues and their effects on business sustainability. Leadership and Customer Service are always the foundations from which his talks originate. He has given over 2,200 presentations.

His newest book, *Evolve or Die*, reached #5 on the *USA Today* Best-Seller list. His other books include *Rock Solid Leadership* and *Jump and the Net Will Appear*. He loves hanging out with his four children, throwing large barbecues for his studio clients and friends and spending as much time as possible in the Rocky Mountains.
