Ryan Estis understands the challenges business leaders and top performers face, because he's been in their shoes. He spent 15 years helping companies connect with employees and customers as an ad agency executive, building a client roster of category leading brands. Nine years ago, he decided to put that experience into practice and launch his own research and learning organization. Ryan is afforded an inside look at what the world's best companies do differently and he shares that insight by helping clients initiate change, improve performance and deliver growth.

Ryan has been recognized as one of "the best keynote speakers ever heard" by *Meetings & Conventions* magazine. His presentations include original research and customized insight for each audience. He inspires audiences with practical insight, plenty of energy and powerful, relevant stories that resonate long after the meeting ends. Attendees walk away with a specific plan for applying new ideas once they get back to work. His writing has been featured in *Forbes, Inc., Fast Company* and *Entrepreneur* Magazines.

His clients include AT&T, Motorola, MasterCard, Adobe, MassMutual, the National Basketball Association, the Mayo Clinic, Honeywell, Thomson Reuters, Ernst & Young, Lowe's and Prudential. Ryan gets to know every client's business and customizes all keynote presentations and corporate seminars to deliver insight that makes an immediate impact.
