Dr. Will's newly revised book *Refrigerator Rights: Creating Connections and Restoring Relationships* (coauthored with Dr. Glenn Sparks) delivers a unique message of how our connections to others provide a potent source of strength in achieving life balance. It is based on 19 years of social science research in the area of culture and interpersonal relationships. His aim is to show the connection between our loss of intimacy with people in our lives and the stress and disconnection that we feel in everyday life.

Dr. Miller presents his inspirational message with the expertise that includes years of study and experience as well as humor. His authority of five graduate degrees and years of experience as a therapist and teacher assure his credibility as a speaker. His 17-year background in stand-up comedy and as a television and radio personality, assures his gifted ability to entertain.
